I was not aware that CEFA was sending this out. I will compile the information and record it in the format CEFA requires. We are requiring your capital data early so that we can compile all of RD&E prior to the Operating budget crunch. You can ignore the message from Crawford.

Hi Caron:

Is the April 19th deadline referenced here the deadline for your group to have everyone's compiled 2RF information? In other words, I still need to have our 2RF capital detail to you by March 28th?

Just want to be sure....

Thanks,
Valerie
